

THE UNIVERSITY OF CHICAGO

DÉSIRÉ JOSÉ COLLEN, declares:

I am a citizen of Belgium and a resident of Winksele-Herent, Belgium, whose post-office address is Schoonzichtlaan 20, B-3020 Winksele-Herent, Belgium.

I verily believe myself to be the original, first and sole inventor of the improvement in **NEW STAPHYLOKINASE DERIVATIVES**, claimed in United States Patent Application Serial No. 09/020,018, filed February 6, 1998, which is a continuation-in-part of my earlier filed pending applications, Serial No. 08/784,971, filed January 16, 1997; Serial No. 08/499,092, filed July 6, 1995; and Serial No. 08/371,505, filed January 11, 1995, now United States Patent No. 5,695,754, issued December 9, 1997.

I have reviewed and understand the contents of the specification, including the claims.

That this application in part discloses and claims subject matter disclosed in my earlier filed pending applications, Serial No. 08/784,971, filed January 16, 1997; Serial No. 08/499,092, filed July 6, 1995; and Serial No. 08/371,505, filed January 11, 1995, now United States Patent No. 5,695,754, issued December 9, 1997. As to the subject matter of this application which is common to said earlier application, I do not know and do not believe that the same was ever known or used in the United States before my invention thereof; or patented or described in any printed publication in any country before my invention thereof or more than one year prior to said earlier application; or in public use or on sale in the United States more than one year prior to said earlier application.

That said common subject matter has not been patented or made the subject of an inventor's certificate before the date of said earlier application in any country foreign to the United States on an application filed by me or my legal representatives or assigns more than twelve months prior to said earlier application.

In addition, no application for patent or inventor's certificate on said invention set forth in said earlier application has been filed by me or my legal representatives or assignees in any country foreign to the United States except as follows: European Application Number 95200023.0, filed January 6, 1995; and priority of said foreign application is claimed under Title 35, United States Code, §119.

That, as to the subject matter of this application which is not common to said earlier application, I do not know and do not believe that the same was ever known or used in the United States before my invention thereof; or patented or described in any printed publication in any country before my

invention thereof or more than one year prior to the date of this application, or in public use or on sale in the United States more than one year prior to the date of this application.

That said subject matter of this application which is not common to said earlier application has not been patented or made the subject of an inventor's certificate in any country foreign to the United States on an application filed by me or my legal representatives or assigns more than twelve months prior to the date of this application.

No application for patent or inventor's certificate on said invention first set forth in this application has been filed by me or my representatives or assigns in any country foreign to the United States, except as follows: European Application Number 95200023.0, filed January 6, 1995; and priority of said foreign application is claimed under Title 35, United States Code, §119.

I acknowledge my duty to disclose information of which I am aware which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, §1.56(a) including matters as occurred between the filing date of my said earlier application and the filing date of this application.

I declare further that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

I hereby appoint William H. Logsdon, Registration No. 22,132; Russell D. Orkin, Registration No. 25,363; David C. Hanson, Registration No. 23,024; Richard L. Byrne, Registration No. 28,498; Frederick B. Ziesenheim, Registration No. 19,438; Kent E. Baldauf, Registration No. 25,826; Barbara E. Johnson, Registration No. 31,198; Paul M.
